01 PROFESSIONAL PROFILE

Financial operations professional with 5+ years of experience, including 3.5 years of invoice processing and reconciliation at BNP Paribas, where I checked and processed broker invoices every month, reconciled fees, commissions and payments against trades and bank statements, handled audit requests, and automated the work: a reconciliation template that halved handling time and auto-matching rules that cut manual effort by 30%. I review as well as prepare, write the SOPs others follow, and work in English. I already live in Germany and am permitted to work — no sponsorship, no visa procedure, no fee.
